Key Strengths

Assessment Services Offered

We are capable of assessing one lakh at a time through our robust and secure Online examination platform. It is suitable for entrance test, aptitude test & other mass examination.

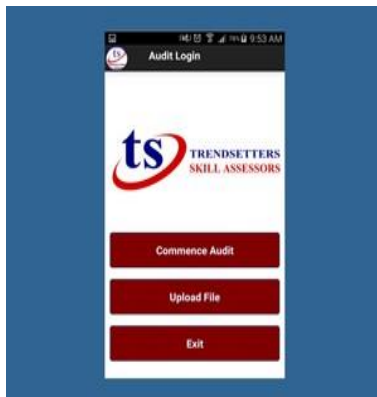

- We provide a holistic assessment & examination service which includes assessment design, questions authoring, assessor certification, administering assessments and reporting.
- Our tests cover the complete spectrum of assessments which includes formative, summative, Psychometric, job-skill certification and Recognition of Prior Learning (RPL).
- All the assessments are facilitated through a cloud-based assessment management system.
- We provide Skill Gap Analysis, Score Analytics and
- custom reports.

Tab Based Assessment

- This methodology is quite similar to online assessment methodology, except that it eliminates the disadvantages of online assessments. This method does not require internet connectivity and PCs at the center. It creates a local network of its own between the laptop and tablets carried by the assessor through a modem. The candidate is given a login ID by assessor and response gets stored in Assessor Laptop, which is transmitted by Assessor to Assessing body through synching the results and the same will be stored on the cloud server. Viva marks are separately sent by assessor.

App Based Center Validation Application

- Trendsetters has an organized structured team and well-established process of carrying out center validation of training partners seeking affiliation with NSDC or the Sector Skill Councils. We were the first to give the mandate to validate the Training Centers or Training Partners seeking affiliation with the Automotive Skill Development Council, currently doing training center validation/audit for SCPwD sector.

Online Assessments Platform

- 100% Cheating free
- End to end Exam Management
- A wide variety of Exam Possible
- Impeccable Security Features
- Students Authentication
- Online/Offline Proctoring
- End to End Video Recording

Training Quality Monitoring

- Training is an organized activity aimed at imparting information and/or instructions to improve the recipient's performance or to help him/her attain a required level of knowledge or skill. We use following tools to measure the quality parameters laid down by the SSCs:

- Complete Assessment Monitoring
- End to End Video Recording of Assessment
- Confirming location of TC
- Confirming Training Infrastructure
- Confirming Trainee Detail
- Confirming Trainer Detail

Assessment Monitoring

- Candidate Verification
- Attendance Capture
- Geo-Tagging
- Documentation
- Evidence Collection

Message from CEO's Desk

2020 has been an exceptionally challenging year for all of us. The outbreak of the novel corona virus (Covid-19) pandemic affected every individual and enterprise in this country and worldwide. While the degree of impact may vary from industry to industry, we had adapted ourselves to perform well in the “new normal”.

I would like to thank our clients and stakeholders working with us during these testing times. I am proud to say that we are performing well and delivering high-quality service to our clients. I am proud to share one of our significant achievements to get on boarded by NCVET-as **Recognised Assessment Agency for conducting Assessments across all states/UT.**

I express sincere gratitude to the team members for their hard work, commitment and dedication and care for each other they have shown during the testing time of Pandemic, it truly represents who we are as a company. Let's work together-across all the parts of the business-to keep going and achieving the milestone. Let's make this one of our finest hours.

Wishing you all the best for continued persistent efforts to prevail on the future challenges and overcome them with flying colors.

“The heart and soul of any company is creativity ,innovation and the team spirit”
